ANNUAL REPORTS

for the Town of
SHARON
New Hampshire

for the
Twelve Months Ending
December 31,
1952

ELECTION DAY IN SHARON

On Election Day Eve, forty-one of Sharon's forty-eight registered voters gathered at the Schoolhouse to cast their votes promptly at midnight so that they would again, as in 1940, be the first town in the country to complete its voting for the President of the United States.

It seems to us that it was a real compliment to Sharon that we were again given this opportunity by the Associated Press to win this distinction, and the success of the undertaking proves that (though Sharon is more than a third larger than it was in 1940) the people are just as cooperative and just as proud of the town as they were then.

The townspeople began arriving at the Town House at eleven P. M., chatted and ate doughnuts and drank cider until all had arrived before 12 o'clock. On the stroke of the hour the voting was started and, in order to save time, it was done at the old school desks in two sittings. At 12:07 it had been completed, Henry Beauvais being the first one to complete his ballot.

The votes, including six absentee ballots, were quickly counted by Kenneth Plimpton, Moderator, and Mrs. Charles Calef, Town Clerk, and the results—32 for "Ike" and 14 for "Adlai"—were put on a large blackboard around which the Sharonites gathered. Two did not vote for President. Immediately the results were telephoned over the direct A.P. line which had been set up in the hallway of the Town House. Pete Carroll, who seemed pleased to be covering this Sharon event again, took a number of pictures both before and after the voting, and these photographs were developed at the Sharon Inn where a dark room had been prepared; then transmitted by wire-photo to 800 newspapers across the country—and these papers made extra copies for nearly 600 other newspapers.

The Associated Press men, Don Guy and Pete Carroll, and Daniel F. Eneguess of the Monadnock Region Association, did some very careful and energetic planning for a week in advance and certainly should have been gratified at the result. The news-story and the pictures appeared in newspapers all over the country, even as far away as England and Norway.

And of course all of the townspeople were happy about the whole thing!

REPORT OF FOREST FIRE WARDENS

In the past year your local forest fire organization did a very fine job of pre-suppressing and suppressing of forest fires. Our early spring was very dry and with extra high winds and all our fires were during that period. We find that the general public is still very careless with matches and cigarettes.

In the "Keep America Green" program there is a story of two bad boys who cause most of our forest fires. The first one we call, "I don't care," he is the person that builds fires anywhere, never gets a permit to burn brush or has a safe place for his home incinerator. He is also very careless with matches and cigarettes. The other one is called, "I don't know any better," and the best way to describe him is a plain dunce. It is only with your help that these two bad actors are controlled. Their carelessness can be the cause of our pretty and valuable woodlands being destroyed by fire. Even your own home can be burned by them.

It is up to you and you alone to report these characters to your local forest fire warden whenever you see them operating. To have our woodlands green and our mountain streams clear, your cooperation is needed by:

1. Seeing that your incinerator is tight and is sitting on clean ground.
2. Always clean a space about any open fire to prevent it from spreading.
3. Never burn in dry, windy weather.
4. In all cases a written permit is required from your local town fire warden.
5. Be sure that your matches, cigarettes and pipe ashes are out before discarding.

It is with your cooperation that this shameful waste of timber and money can be stopped.
